The results of the 2026 Secondary School Certificate and equivalent examinations are likely to be published between July 25 and July 27, according to education board officials.

The authorities had earlier discussed publishing the results on July 20.

The chairman of the Board of Intermediate and Secondary Education, Dhaka, professor Sayed Aktaruzzaman, told New Age on Saturday that the results were expected to be published between July 25 and July 27.

He said the process had been delayed due to adverse weather, the subsequent situation in the Chattogram division and student protests, which disrupted the board's work.

'For these reasons, it will take a few more days to publish the results,' he said.

This year's SSC and equivalent examinations began on April 21 and continued until May.

A total of about 18.57 lakh candidates from 30,666 educational institutions sat for the examinations at 3,885 centres across the country.
