The 14,384 candidates recommended for assistant teacher posts in government primary schools will join their workplaces on October 29, officials

of the Ministry of Primary and Mass Education said on Saturday.

The ministry announced the timeline in a press release issued after an emergency virtual meeting on teacher recruitment held the same day.

It said the newly recruited teachers would receive training after joining.

Primary and mass education secretary Md Shakhawat Hossain said the government was working to complete the appointment process for the recommended candidates.

‘The process has been delayed due to investigations and procedural issues. We hope they will join on October 29,’ he said.

The appointment process for the 14,384 assistant teachers was almost completed during the tenure of the interim government, which ended on February 17, but implementation was delayed because of legal complications.

A major legal obstacle was removed on July 2 when the Appellate Division of the Supreme Court overturned a 2019 High Court verdict on the seniority of teachers from nationalised primary schools.

The ruling cleared the way for the recruitment of nearly 32,000 teachers, including the appointment of the 14,384 recommended assistant teachers.

Speaking at a press briefing later on Saturday, primary and mass education minister ANM Ehsanul Hoque Milon said the remaining formalities would be completed within the next few days.

The written examination for the recruitment of assistant teachers was held on January 9 in 61 districts.

The results were published on January 21, with 69,265 candidates qualifying for the viva voce examination.

Following the viva, the ministry recommended 14,384 candidates for appointment as assistant teachers in government primary schools.
